

You know where, we know how

Super load on the road

For a Canadian Oil & Gas project, Conceptum Logistics USA is presently moving critical oversize equipment to the Oil Sands in Fort Mc Kay, Canada.

The journey from Houston to the Oil Sands covers about 3,700 miles over the road transport of a so called "super load", the diluent stripper of 32.60 x 5.50 x 5.90 m with 86 tons.

Overall estimated transit time is approx. 3 months.
